

Dear Sir,

A small donation in memory
of Catherine Squires. I remember helping
my grandfather, Perry Gallup, work on
the Unit Church building in the 1950's.

He & Lucius Weatherhead did some self
repair (jacking up building) & also repaired
steeple which had been hit by lightning.
He was well into his 80's at the time and
Lucius was 79 but both were very
active men still. They also didn't
charge the church a penny for their
labors. Hope I haven't bored you with
my reminiscences.

Sincerely

Frank Gallup
